You asked Money and Pensions Service the following

I am writing to you with an enquiry about the location of the data for the MaPS services you provide and hope you will be able to assist me.

I have read and understand your policies and data protection methodologies but unfortunately couldn't find a statement as to where the data is held. Apologies if it is available but I don't seem to be able to locate it.

I am just looking understand whether the data is all fully contained within UK boundaries if that is publicly available information.
