Notes

"Over-indebted" individuals are defined as those who find keeping up with bills and/or credit commitments a heavy burden or have fallen behind on, or missed, any payments for bills and/or credit commitments in any three or more months in the last six months.

This information was sourced from online survey data (c 20,000 respondents), carried out by Alligator (BDRC), using online panels Research Now/ SSI and Panelbase in June - August 2018.

A logistic regression model was used to apply over-indebtedness to every individual in the UK, using CACI's Ocean database.

"Adults" are defined to be individuals aged 18+.
